PLOT RUIN IN VIENNA.

Red Storm Gathers Over Hungary.

Bolshevist Frenzy of Germany Spreads to Austria and Bohemia.

Socialist Intrigue Blocks Food Relief to Hold Dupes as Followers.

(ATLANTIC CABLE—EXCLUSIVE DISPATCH.)

LONDON, Jan. 15.—A Chronicle special from Geneva says although political developments in the states which formerly composed the empire of the Hapsburgs seem peaceful enough in comparison with the outbreaks of Bolshevist frenzy in Germany there are certain signs that the storm also is breaking in Germany, Austria-Hungary and even in Bohemia.

It is a very significant symptom that attempts are at present being made by the extreme Socialist element at Budapest, Vienna and Prague to effect an agreement between Hungarian and German-Austrian and Bohemian Socialist parties with a view to joint political action in the future.

At a recent meeting of the Budapest workers' council eighty delegates voted in favor of the proposition to constitute an Alliance between the Hungarian, German-Austrian and Bohemian Socialist parties.

The idea of the Alliance by which the Hungarian, German-Austrian and Bohemian Socialist parties would pledge themselves to afford each other mutual support in their attempts to prevent a Bolshevist domination and to establish proletarian rule is certainly gaining ground.

This plan, the realization of which would incidentally reunite the dismembered Hapsburg empire under the red flag, is regarded with favor by the Viennese Socialists, who for the same reason is the only powerful party left in Austria today.

It is no secret in Vienna that Bauer, the Austrian Socialist leader has been secretly intriguing to prevent German-Austria from being supplied with food by the Allies.

He has raised difficulties of all kinds in order to prevent food from reaching Vienna. He has also been working for the Allies' generous action toward their fallen enemy may influence the population and forestall the red flag, which he desires.

He has also been working for the Allies' generous action toward their fallen enemy may influence the population and forestall the red flag, which he desires.

He has also been working for the Allies' generous action toward their fallen enemy may influence the population and forestall the red flag, which he desires.

"T" THEFT FACTS OUT

Perkins Authorizes Paris Statement.

Texas Worker Who Took Money of Soldiers Confesses in Prison.

Boys About to Go Over Top Trusted Him, is Atkins's Weeping Admission.

BY FREDERICK A. SMITH.

PARIS, Jan. 15.—It is a long way from Eagle Lake, Tex., to the Petit Rouquette Prison in Paris. Hugh B. Atkins, until last June pastor of the far southwest Methodist congregation stood in the gloomy historic labyrinth of cells and dungeons to night and confessed to me, while weeping, that he had stolen 140,000 francs from the Y.M.C.A. while he was secretary of the divisional conference in Toul.

Not only is it a far step from the little church in Texas to the place where the beholding blocks still remain about the prison, reminding of the persecutions of another day, but it is taking a long step to condemn the Y.M.C.A. in France or the church at home to say that one man in 6000 fell before temptation.

There have been criticisms of the Y.M.C.A. methods and today, with the authority of George W. Perkins, now in Paris, the facts regarding some of the irregularities were given out. Atkins was accused in these charges and I want to see him on the eve of the court-martial hearing.

MONEY FOUND IN TRUNK. One hundred twenty thousand francs, misappropriated by Atkins, were found in a trunk stored with the American Express Co. in Paris. Twenty thousand francs had been invested in French liberation loan bonds. There had been investments also in United States bonds and some American currency in large bills had been hidden in a shirt in his suitcase.

"What did you come over for?" asked Atkins, and he said: "My only thought was to help the boys in the A.E.F."

"Isn't it true that in the money you took, there were many hundreds of dollars that were taken from the Y.M.C.A. by boys who knew they were about to go over the top and might never come back and therefore wished to take this money with somebody to insure its getting back home to their wives, mothers or some other loved one?"

Atkins wept the tears from his eyes and said: "There may have been. God knows, I don't understand why I started to take this money, but I do know that I never had fully decided to complete the act."

(Continued on Second Page.)

Former Crown Prince of Germany in Fugitive Costume.

GEN. WOOD'S NEW JOB HITS HIM UNAWARES.

GREETINGS TRANSFER ORDER IN HEADQUARTERS TO WHICH HE IS ASSIGNED.

(EXCLUSIVE DISPATCH.)

CHICAGO, Jan. 15.—Major-General Leonard Wood is the new commanding officer of the Central Department of the United States Army.

In a sense he charged upon his new job with rather more speed than he charged at Las Guasimas and in the Spanish war, for he was there before he knew he had the job.

"Good news!" shouted his aide, Capt. Myers, when he heard it. Then the general was notified. He said: "I received the official order. I cannot comment further than to say that when it does come it will be cheerfully obeyed."

His being here at this time may be accidental, but there seems to be something significant in the fact that his trip to Chicago was not heralded by the usual notices of a general's movements and that the officers at Central headquarters were not expecting him.

The general arrived at 2 o'clock, but by 8 a.m. he was up and busy. At that time he was asked if he transferred to the Chicago post had been decided. If so, he had not been informed of it.

CANADIANS AIM TO BEAT DRY.

People's Moderation Society Formed to Allow Sale of Beer and Wine.

(BY A. P. NIGHT WIRE.)

VANCOUVER (B. C.) Jan. 15.—With the avowed purpose of securing modifications in the British Columbia prohibition act, the "people's moderation party" announced its formation here today, through Aitken Tweedale, acting secretary.

The party's membership included many influential men and women, returned soldiers, laborers, artisans, merchants and financiers.

Believing the present prohibition act and the manner of its enforcement were "detrimental to the best interests" of the province, he said the party had determined to request the government to allow the sale of light wines and beer and the sale of liquor by the government under regulation.

Opposition to the "treating" system was expressed.

GOVERNOR OF KANSAS DEMANDS CASUALTIES.

DECLARES RECORDS SHOULD BE COMPLETE BY NOW; CHARGES LOSSES.

(BY A. P. NIGHT WIRE.)

KANSAS CITY, Jan. 15.—Gov. Allen of Kansas, in an address here tonight, declared that the records of the War Department at Washington should by now contain a full record of casualties and actions participated in by American soldiers in France.

Gov. Allen reiterated statements made in a speech at a public meeting at Topeka, Monday that the artillery and aircraft support of the 35th division, made up mostly of Kansas and Missouri men, had been insufficient at the battle in the Argonne forest, and that as a result the infantry losses were excessive.

LATINS ELECT PRESIDENT.

(BY ATLANTIC CABLE AND A. P.)

SAN SALVADOR, Jan. 15.—Carlos Melendez, leader of the National Democratic party, was elected President of the republic in the elections which terminated yesterday.

Alfredo Quinones Molina of this city, was elected Vice-President. There was complete order during the elections.

BOLSHEVIKI MURDER, PLUNDER; NEW WAR IS HINTED IN EUROPE

(BY ATLANTIC CABLE AND A. P.)

BERLIN, Monday, Jan. 13.—Riga is completely in the hands of the Russian Red army, according to a Mitau dispatch to the Vossische Zeitung.

Bolshevik forces have advanced from Dvinsk and occupied the station at Neugut, 31 miles from Mitau. Mitau is overflowing with refugees. German soldiers, the last persons leaving Riga, report that the city is burning in several places, that Russians and Letts are murdering and plundering.

UNIVERSAL WAR IS BOLSHEVIK IDEAL.

(BY ATLANTIC CABLE AND A. P.)

LONDON, Jan. 15.—(British Wireless Service.) It is a great error to suppose that the Russian Bolsheviks are actuated by a general desire for universal peace, declared R. H. B. Lockhart, former British Consul-General to Moscow, who arrived recently in London after being imprisoned by the Bolsheviks, in a speech in London last night.

"They promise universal peace," Mr. Lockhart said, "but they proclaimed universal war."

"It is easy in a country like Russia for a minority to override the majority. A great majority of the peasantry and other classes are against the Bolsheviks and have continued work against them as best they can."

TRUCE TERMS CHANGE ARMY PLANS.

(BY ATLANTIC CABLE AND A. P.)

LONDON, Jan. 15.—The Central News declares that, as a result of the Allied discussions in Paris, the whole aspect of demobilization has undergone a sudden and vital change, this being shown in the harsh conditions demanded of Germany for a renewal of the armistice.

"On authority of an unimpeachable character," says the Central News, "it can be stated that a situation exists in Europe under which war may break out again at any moment. It means that the British people have mistaken the appearance of peace for reality. This decision means that the new British Ministry must revise the whole scheme of army demobilization."

The decision is that Great Britain, in proportion to its military strength, must maintain an army of occupation on the Rhine for many months. If the rapid increase in demobilization recently announced were continued, there would in a few months be no army in France to undertake the obligations which, by common decision of the Allies, have been placed upon British shoulders."

TROOPS SEEK VILLA BAND.

(BY A. P. NIGHT WIRE.)

EL PASO, Jan. 15.—A column of Mexican Federal cavalry was sent today from Chihuahua City to Cuernavaca, fifty miles south of the Presidio, Texas, border to dislodge a Villa band which occupied the plaza there Monday without resistance. It was reported from Presidio today that no rebel troops had been located in the Ojinaga district.

MEXICO CITY, Jan. 15.—The national welfare demands that the political and Presidential campaigns be postponed until the end of 1919.

WASHINGTON, Jan. 15.—As a means of facilitating the movement of exports to Mexico, the War Trade Board today withdrew the regulation requiring that applications for export licenses have attached an order from the consignee bearing the visa of an American consul.

STOCKHOLM, Jan. 15.—A violent peasant rising in the interior of Russia against the imposition of excessive taxes by the Bolsheviks and against the "committees for fighting poverty," which exercise a tyrannical dictatorship in the villages, is reported in a Petrograd dispatch. The peasants in the Tula government mercilessly killed members of such committees.

LATER DISPATCHES

Completes Flight. (BY A. P. NIGHT WIRE.)

KEY WEST (Fla.) Jan. 15.—America's largest dirigible, the C-1, terminated a successful flight from Fort Rockaway (N. Y.) naval air station to Key West this afternoon. The distance of approximately 1200 miles was covered in twenty-nine hours at an average speed of forty-eight miles an hour. Thousands of persons witnessed the arrival, which was made amid the roaring of guns and the ringing of bells. The highest altitude of the trip was 5500 feet.

The C-1 was manned on the trip by a crew of seven men, with Capt. S. V. Park in command.

Camp Dick Closed. (BY A. P. NIGHT WIRE.)

DALLAS (Tex.) Jan. 15.—Camp Dick, at which approximately nine-tenths of the men in the American aviation service are said to have received their training in military discipline, was closed by the War Department today. More than 10,000 flyers are said to have been trained at the camp.

Closing of Camp Dick leaves the two military establishments at Dallas, an aviation repair depot, and Love Field, which are understood to be permanent institutions.

Big Gold Shipment. (BY A. P. NIGHT WIRE.)

SEWARD (Alaska) Jan. 15.—Bob Griffith, veteran Alaska "musher," with a heavily armed guard and two dog teams, arrived here today with \$400,000 worth of gold dust from the Iditarod for shipment to Seattle on the steamer Alameda.

Women Wanted on Farms. (BY A. P. NIGHT WIRE.)

PHILADELPHIA, Jan. 15.—Despite the ending of the war, there will be no relaxation in the movement to have women take more interest in farming, according to speakers before the "Woman's Land Army of America," which concluded its first annual convention here today. It was declared that the work of "farmettes" in many parts of the country during the war was a great success.

Delegations.

ont. BERLIN REVOLT FINALLY ENDED.

Spartan Disarmed, Arrested or in Flight.

Cordon of Loyal Troops Guards Industrial Section.

Reinstatement of Police Holds Criminals in Check.

BERLIN, Tuesday, Jan. 15.—The condition of troops has been the most important industrial section in Greater Berlin, to disarm the Spartans and to hold the ground. The telephone service has been stopped. The telephone service has been stopped. The telephone service has been stopped.

BOLSHIEVISM ENDS.

Berlin's long week of Bolshevik rule is finally ended. The city is now in the hands of the loyal troops. The city is now in the hands of the loyal troops. The city is now in the hands of the loyal troops.

PROPERTY DAMAGED.

Property losses during the week of terror amount to tens of millions of marks. The city is now in the hands of the loyal troops. The city is now in the hands of the loyal troops. The city is now in the hands of the loyal troops.

PLANS MURDER.

THURSDAY MORNING, JANUARY 16, 1919.—PART II: 8 PAGES.

POPULATION 1,100,000. By the Federal Census (1910)—1,100,000. By the City Director (1918)—1,075,000.

BILLION-DOLLAR TRUST IS DEFIED.

Bolt of Motion Picture Stars is Bombshell to Film Producers; "Big Five" Organize to Cut Out Middlemen; "Not Worried," Says Zukor.

FILM HAPPENINGS BRIEFED.

Mary Pickford, Douglas Fairbanks, Charlie Chaplin, William S. Hart and D. W. Griffith form the United Artists' Distributing Company to make and market their own pictures. Clara Kimball Young, William S. Hart and Jack Lottie Pickford, it is hinted, will shortly form an "artists' combine."

"The Paramount company will go on just the same," said Adolph Zukor, president of the Paramount company, when informed of the new "artists' combine."

"The National will continue to stand on its own legs," said an official of the First National Exhibitors' Circuit, on the same score. "We will release through neither," said Douglas Fairbanks, of the new "artists' combine, as a sort of answer to the above."

An unexpected move, which will deal with the exhibitors direct, the middleman or distributor will be eliminated entirely. This will be a much more satisfactory arrangement, and fairer to the motion picture patrons as well as to the stars themselves, because they will be able to release their photoplays independently, which is impossible under the present method of reaching the exhibitors.

Douglas Fairbanks, when seen at his studio yesterday in conference with Sid Chaplin and Wellington Wiles, representative of Miss Pickford, said:

"The step taken by Mr. Griffith, Mr. Hart, Miss Pickford, Mr. Chaplin and myself is based simply on our desire to market our own pictures in the open market for the American public. It is a step based entirely on justice and common honesty due to the public and to those actually making pictures. It has long been in contemplation."

"I shall be making pictures next month under the new arrangement, and as fast as the others finish the picture they will also join."

"BACK TO THE WALL," said Pickford said last night: "I am for the present organization, though I am not sure of the future. We are against the defensive, fighting back against the wall, as people add us why we are doing this thing long ago. The fact that we were never forced to do this, but now, with the merger of the picture houses before us—which means the picture houses of the United States being taken over by the producing companies as a protection to the new plan, the pro-

pictures they have contracted to make, they will begin to work for themselves under the co-operative plan.

"Exhibitors may rent each picture they desire, and they will not be compelled to take any other picture. In the past, the better pictures have been rented only to those who contracted to purchase a certain line of pictures, and we were used as a club over the exhibitors, and the magnates at the swivel chairs made the money."

GRIFFITH SPEAKS

David Wark Griffith, commenting on the new move, said:

"Under this state of facts, the public has the right to expect protection for the American people who patronize motion pictures. The public, through the exhibitors, has been unable to see the pictures they most enjoyed without being forced to see pictures they did not want."

"To get the films of Douglas Fairbanks, Mary Pickford, Charlie Chaplin, William S. Hart and some others, the exhibitor has been forced by the distributing agencies to accept also pictures of lesser merit. It is a condition without precedent in any other business."

The distributor has created a program which he insists on the public accepting in full, if they desire to see the productions of their favorites. "We are willing to make certain pictures which we do not expect to make money, nor care whether or not they do make money. The result of fame and glory for advancement of the art is sufficient. But under the program method we are advanced by the advice of plaintiff acting as their counsel that a valuable action based upon an appropriate tender of money and demand for deed can be stated against defendant."

"We expect to co-operate with the

(Continued on Second Page.)

FIVE-YEAR FIGHT ENDS.

Supreme Court Upholds Title to Espejo Lands in Imperial Valley.

One of the most notorious land cases ever tried in western courts came to an end yesterday when five years of litigation, when the United States Supreme Court handed down an opinion upholding the title of the United States Circuit Court of Appeals and Judge Bledsoe of the United States District Court and establishing for all time

the validity of title to lands owned by the Imperial Valley Farm Lands Association and the Southern Pacific Railway Company.

The decision clears up titles to land valued at approximately \$10,000,000. The Imperial Valley Farm Lands Association alone owns 10,000 acres of Imperial Valley land, valued at \$5,000,000, and the Southern Pacific Railway Company owns 10,000 acres of Imperial Valley land, valued at \$5,000,000. The title to these lands has been the subject of a bitter fight for five years, which has reached to the highest court in the United States.

Several years ago after the Southern Pacific company disposed of a large tract of Imperial Valley land to the Imperial Valley Farm Lands Association, the latter, through its attorney, Edmund Burke, Reuben Erickson and George A. Fullinwider, who were then located in the valley, attacked the legality of the title to the lands by bringing suit against the Imperial Valley Farm Lands Association and the Southern Pacific company to compel the Southern Pacific to sell to them certain lands in the Imperial Valley at \$2.50 per acre. It was claimed that the act of Congress under which the land was granted to the Southern Pacific stated that the land should not be sold for more than that amount.

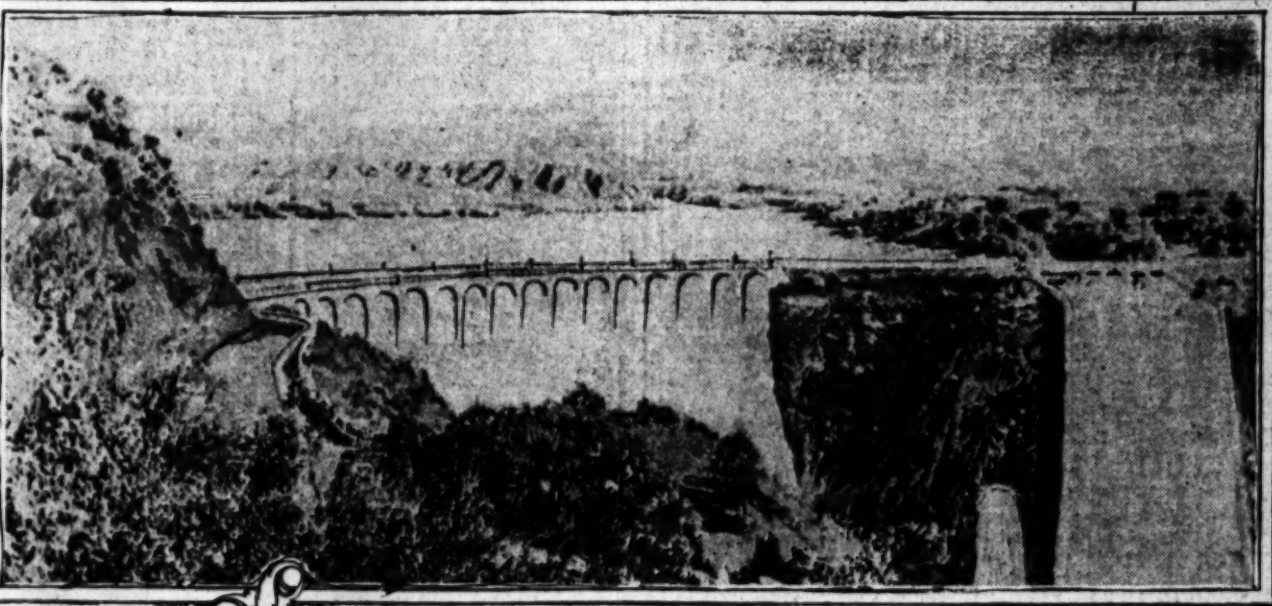

GAMBLED ON LITIGATION. People in all parts of Imperial Valley as well as in Los Angeles and other parts of the Southland were invited to participate in what was probably the greatest gambling grab scheme ever connected in the Southwest. The promoters of the scheme collected from 100 to 150 people as many as 500 people. It is believed, and in that way raised a fund which was used to close to these investors were gambling their "ante" for the privilege of buying from the promoters of the plan plots of land at a figure which is said to have been about \$5 an acre. In the event that the suit to compel the Southern Pacific to sell the land for \$2.50 per acre was won by the plaintiffs.

When it came to going into court the names of all the investors who had joined to help conduct the suit were hooked onto the case. The suit was filed in the United States District Court at Los Angeles. Judge Bledsoe ruled in favor of the plaintiffs, placing the title to the lands in the hands of the plaintiffs. But that was not enough. The Fullinwider case was appealed to the United States Circuit Court, where it was then carried to the United States Supreme Court, where an opinion which has just been rendered upholds both the United States Circuit Court and the United States District Court, and indicates that those who listened to the alluring promises of Burke, Fullinwider and Erickson were led astray.

FACTS OF THE CASE. The facts of the case are that the Southern Pacific Company was not obliged, according to the terms of its grant, to sell the lands in question for not more than \$2.50 per acre. The government allotted certain lands in the Southwest to the Texas Pacific Railway on that basis, but the Texas Pacific never availed itself of the lands in question, and when the government allotted the Southern Pacific certain lands between the Tehachapi and Yuma there was nothing in the grant which specified that the land could not be sold for more than \$2.50 per acre.

In the dismissal proceedings about April 5, 1915, Judge Bledsoe stated that the plaintiffs had either been

To Harness Overflow Waters from Mountain Watershed.

As the Devil's Gate Dam will Look When Completed. It will be 130 feet from the bedrock to the top, and 210 feet across, with a twenty-foot roadway and two five-foot sidewalks on top. There will be three sluiceways to control the discharge of flood water.

TO START BIG FLOOD DAM.

Arroyo Seco Control Work will Store Over Two Billion Gallons.

Work on the Devil's Gate dam, intended to harness the flood waters of the Los Angeles River and the Arroyo Seco, and which is one of the big projects of the county's flood-control plan, will be begun within a month, it was announced yesterday by Chief Engineer J. W. Reagan. The cost of the dam is estimated at \$250,000.

The Arroyo Seco is considered the most dangerous stream in the county, from the viewpoint of possible flood damage. The Devil's Gate dam, which will control it, and also hold back the rush of water into the Los Angeles River, at flood time, will have a storage capacity of 2,150,000,000 gallons or 6557 acre feet. The rate of inflow will be reduced from 11,400 cubic feet a second to 7000 cubic feet a second.

The Devil's Gate dam will be known as the Imperial Valley dam, which will be of plain concrete or Cyclopean masonry, containing large stones. The top of the dam will be 120 feet above the bedrock, and 210 feet long. At the bottom the dam will be 100 feet thick and at the top twelve feet thick. There will be a twenty-foot roadway and two five-foot sidewalks on either side.

In addition to reducing the maxi-

mum flood flow through the arroyo from 11,400 second feet to 7000 second feet, the reservoir also will allow the storm to get ahead of itself, as it were, a matter of eight or more hours. The three 700 feet sluiceways controlling the tunnel discharge will be operated individually by hydraulic lifts. The gate house will be constructed with a water-tight wall at the bottom, in which the cylinders will be located. The pumps and motors will be located in the top of the gate house above high water. A bridge of artistic design will connect the gate house and the roadway.

In the design of the Devil's Gate dam it is assumed that the excavation in the bed of the arroyo may have to pass through thirty feet of gravel and decomposed rock before solid rock, suited for the foundation, will be reached. A water cushion is proposed to prevent the erosion below the dam.

When the reservoir is filled to the level there will be 200 acres of land which will be under water. The reservoir contains thirty-five square miles. The spillway is located in a natural depression. The dam will control and regulate flood flows through the Arroyo Seco and will benefit South Pasadena, Sylmar Park and that portion of Los Angeles city bordering the Arroyo Seco. The construction of the dam will also accomplish the gradual restoration of the depleted ground water supply of the communities in and around Pasadena.

TO OPPOSE DIVERSION.

Supervisors Dodge to Represent County at Sacramento in Auto Tax Matter.

Chairman Dodge of the Board of Supervisors will probably be selected to go to Sacramento and oppose the proposed diversion of the automobile tax fund from counties to municipalities. The Supervisors will also ask the support of the Automobile Club of Southern California, which is interested in good roads.

It was stated that the automobile tax fund if diverted from the county to the city would result in higher tax rates in the county territory for highway purposes.

RESTORED TO SERVICE.

Dismissal of Camp Kearny Soldier for Intoxication Disapproved by President.

President Wilson has refused, it was learned here yesterday, to approve the sentence of the court-martial which tried First Lieutenant John H. Fahy, Battery E, One Hundred and Forty-fifth Artillery, at Camp Kearny on June 10. He was accused of being intoxicated at Coronado and of disgracing the military service. He was found guilty on two charges and sentenced to dismissal from the army.

By order of the President, he is released from arrest and is restored to duty. It was announced.

CITY PLANS NEW TAXES.

A general license tax on every line of business in Los Angeles not already covered by the existing license ordinances is the basis of a new plan that is being worked out by the Finance Committee of the City Council.

The committee held its first meeting on the formation of the schedule yesterday afternoon. Chairman Mallard stated after the session that it is expected the new license scheme will be put into effect on the first of April, and that the present prospect is that fully 350 separate lines of business not now subject to license will be required to pay tribute directly to the city treasury in order to do business.

"We are facing a situation where it seems imperative that we work out this plan," said Mr. Mallard. "We have been receiving such unexpected and unusual calls for financial assistance that we must provide more revenues. Take the influenza situation alone, no one knows what it is going to cost the city, but the other businesses will have just provided for the payment of the Hill-street tunnel costs, and there are other things to be considered."

Mr. Mallard stated that the preparation of the proposed new license schedule would require much time and labor, and that hearings doubtless would be given to the various lines of business. It is proposed to subject to the license fees.

GRAND LARCENY CHARGED.

Japanese Accuses Alvandros and Keene; Woman Suspect Released.

The net into which the investigators of the District Attorney's office have been gathering spiritualistic swindlers and mediums of questionable repute on the belief that somewhere within their circles the murderers of Reuben Fogel might be found, was drawn tighter yesterday. Carlos de Alvandros, the Brazilian "talismen powder medium," and alleged "brains" of the spook fraternity, who for the last few days has been the center of several investigations, was formally charged with extortion and grand larceny in two complaints issued yesterday, and filed in the Justice Court.

The grand larceny complaint offers a new angle to the case, and discloses what the authorities claim to be an important link in the chain tending to show the methods and motives of the men involved in the present inquiry and its relation to the Fogel murder.

TWO COMPLAINTS FILED. The complaint was sworn to by Thomas Katana, a Japanese rancher of Compton, who charges that Alvandros and Paddy Keene "did steal by trick and device" \$1178.58 on June 17 and July 15, 1918. In his complaint Katana names Keene under the aliases of P. H. Keane, Paddy Keane and Porter R. Hughes, and Alvandros under the aliases of Francis Leon, Lawrence Harold and Omar Kaldak.

(Continued on Second Page.)

MRS. GIBBONS TO GRAND JURY.

Woman Charged with Murder to Appear Today.

Many Witnesses in the Case are Examined.

Both Sexes Represented on the New Body.

J. F. Stockdale was appointed foreman of the 1919 grand jury yesterday by Judge Craig. Miss Katherine R. Parker at the same time was the first woman to become secretary of a Los Angeles county grand jury.

Judge Craig read the sections in the Penal Code relating to grand jurors' duties and read his instructions for the year. The court urged that the number of committees be limited as much as possible. In the course of his instructions, the court said:

"For the first time in the history of this county, the grand jury is partly composed of women. . . . Of the different steps marking the advance of women to full political equality with men, few, if any, are more important, nor merely to the women themselves, but to the State, than their participation in the performance of the important duty of acting as grand jurors. I am satisfied that this body will be more useful, more generally efficient, and more capable of rendering accurate and equal justice because of the presence of women as members of it."

Mrs. Gertrude M. Gibbons, charged with the murder of her husband, Frank Gibbons, a Pullman car conductor, will be called before the county grand jury today. It was understood yesterday. Her appearance before the inquisitorial body will be on the same day as her hearing in Justice Forber's court on the murder charge.

The members of the new jury occupied all of yesterday examining numerous witnesses in the Gibbons case. It was said last night that the case will be completed some time today, as only one or two witnesses and Mrs. Gibbons herself are to be examined.

NEW WITNESSES. A number of new witnesses were

332-334 SOUTH BROADWAY, LOS ANGELES.

Just as the clear surface of a quiet pool mirrors the image above it, so does this marvelous instrument—

The NEW EDISON "The Phonograph with a Soul"

reflect with complete fidelity the voices of great artists. The New Edison Re-Creates the singer's voice so perfectly that no human ear can detect any difference between the artist's and the instrument's performance.

More than 1500 tone tests, conducted before audiences totaling more than 2,000,000, have demonstrated the truth of this assertion. Thirty great stars have conducted these tests.

In a tone test, the artist sings in direct comparison with the instrument. Surely, this is a convincing demonstration of its Re-Creative power.

Exhibitors in effecting a distributing system which will be fair, impartial and sensitive to the public's wants. We shall ask the public to see nothing it does not wish to see. This is not to be an exclusive association. We shall ally ourselves with the foremost talent, that is, proven talent, talent that appeals to the public. The names mentioned are merely leaders, who have taken the first step. But we have the sympathy and support of many others.

"This action is not taken in condemnation of any individuals. It is a protest against a system. It is a declaration of independence against an outworn condition that has not served as it should either the theater, public or the producers. Dictation has come from business men, who acted according to their lights. But we believe the production of motion pictures to be an art, and that those who have served long apprenticeship, have achieved their success purely through their personal efforts, should have more voice."

"We saw that there was a trust forming here, an arrangement to bring about moving-picture world domination, and we came together. There is no reason why others who make first-class pictures, such as Norma Talmadge, Clara Kimball Young and others, could not join our organization should they so desire."

"We have plenty of capital and business backing to put into effect the necessary booking machinery and the public will be the gainer by the new organization."

ZUKOR NOT WORRIED.

President Adolph Zukor of the Paramount company was seen at the Alexandria last night and appeared unperturbed by the move of the five stars of the great business he had built.

"The Paramount company will go on just the same," said Mr. Zukor, smiling.

"Are you downhearted?"

"No," said Mr. Zukor. "We have a big business and it will go right along."

"And develop new stars?"

"Yes."

"Is the Paramount company broke or to be put out of business by what has happened?"

"Certainly not," said Mr. Zukor. "We go on just the same."

Mr. Zukor added that the stars had evidently taken their action to protect themselves against something which had not developed, that is, a new and greater trust. In general, Mr. Zukor gave the impression that he did not take the new combination seriously.

The stars said yesterday that during his present trip here, Mr. Zukor had visited all of them and, for example, offered Douglas Fairbanks any amount of money he desired if

TO THE BRAVE AMERICAN WOMEN.

will be told to take a Favorite Prescription of Doctor Pierce's, a woman's temperance tonic, which has been so well and favorably known for the past half century. Now put-up in Tablet form as well as Liquid.

Weak women should try it now. Don't wait! Begin today. This woman's tonic and nerve will bring you health and vitality. Sent to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., 10 cents for trial package of tablets.

too, are Doctor Pierce's Pleasant Pellets effective. Bilious and Sick Headache, Constipation, Indigestion, Bile attacks and other derangements of the liver, stomach and bowels are prevented, relieved and cured. Put up in sealed glass vials, and always fresh and reliable.

The favorite pill for 25 years.

Los Angeles Daily Times

WAGES FOR WOMEN HEARINGS OPEN HERE.

Representatives of the leading Los Angeles department stores appeared before the State Industrial Welfare Commission at a series of meetings yesterday at the Alexandria to discuss the proposed plan to increase the minimum wage for women workers in California. The commission is considering a proposal to increase the \$10 weekly minimum wage for experienced workers and also to shorten the present term of apprenticeship in certain mercantile lines.

Additional meetings will be held today to hear statements by representatives of the Southern California Laundrymen's Association. The commission will render its decision for or against the proposed wage increase after hearing both employers and workers.

TRUST COMPANY WINS.

Jury Finds for Newark Banking House in Suit Over Note for Ten Thousand Dollars.

A verdict for the Newark Trust Company of Newark, N. J., which sued to recover the amount of a \$10,000 promissory note given by Mrs. Jane M. Phillips of Pasadena, was returned by a jury in Judge McCormick's court last night. Since the note was given to Rev. Mr. Phillips, an aged woman, has been declared incompetent. Fred L. Kriebel, a Chicago promoter, was a joint defendant with Mrs. Phillips. The note was originally given in connection with his efforts to promote a company to buy the territorial rights of patents owned by a gas lamp company of New York. Mrs. Phillips was largely interested in the project.

BAPTISTS TO ELECT.

Officers will be Chosen Today by Southern California Convention; Addresses Made.

Officers for the ensuing year will be elected today by the Southern California Baptist Convention, the twenty-eighth session of which opened at the Hollywood Baptist Church on Monday and will continue until tomorrow. It was announced that a board of directors, president of the convention, secretary and treasurer.

Following the opening session yesterday, at which the annual reports of the board of directors and treasurer were read, addresses were given by Rev. R. R. Brown, on "Christ for Our Spanish Speaking Neighbors," Rev. W. P. Harper, D.D., who presided at a memorial service to Rev. C. V. Woody, with appreciations by Rev. A. W. Rider, Rev. J. Whitcomb Brougher, pastor of Temple Baptist Church, and D. K. Edwards.

H. P. Fitch spoke on "Our State and City Missionaries," and addresses were delivered by Rev. Frank Durham on "A Thrilling Experience," "Over the Top," H. Y. Rhubats and K. Shiraishi, "A Japanese Triumph," Rev. J. B. Fox, "Our Strategic Center," and Rev. F. A. Agar, "Organized for Victory." T. S. Tompkins, presiding at the breakfast, said: "The evening service included talks by Mrs. L. E. Trower and Rev. Joseph C. Robbins on 'The Call of the Hour.'"

NEUTRALITY LAW CASE TERMINATED.

The mandate of the United States Circuit Court of Appeal, dismissing the appeal of Fred Data and Julian Trans from a judgment of conviction for violation of neutrality laws, was filed in United States District Judge Tripp's court yesterday. At the same time the indictment against Joe Culver, jointly indicted with Data and Trans, was ordered dismissed.

Data and Trans were sentenced to pay a fine of \$2500 each and to terms in the County Jail. The jail sentence was suspended on the aggregate fine of \$5000. Yesterday's action finally disposes of the case against Data, Trans and Culver.

HOLDS PHYSICIAN TO HIGHER COURT.

LOS ANGELES MAN TO STAND TRIAL ON CHARGE OF NON-SUPPORT OF WIFE.

(EXCLUSIVE DISPATCH.)

MONROVIA, Jan. 15.—The suit brought by Mrs. Inez B. Smith of this city against her husband, Dr. J. Marion Smith of Los Angeles on a charge of nonsupport, after an all-day hearing, resulted in the latter being held to answer to the Superior Court by Judge Vincent E. Bowser in the Monrovia Police Court today.

WAR MEDALS ASKED FOR TWO CIVILIANS.

(BY A. P. NIGHT WIRE.)

WASHINGTON, Jan. 15.—Recommendations that Distinguished Service Medals be awarded two civilians and sixteen officers for important work done in the conduct of the war were approved today by Secretary Baker. The civilians are S. M. Pelton, director-general of military railways, for conspicuous service in supervising the supply of railway material and organization of railway operation; and construction troops, and H. J. Thorne, assistant to the acting quartermaster-general for reorganization of the supply service.

Major-General D. C. Shanks, commanding the expedition station at Hoboken, N. J., was also recommended for a Distinguished Service Medal. William L. Albert, director of the civilian volunteer corps, was recommended for a Distinguished Service Medal. William L. Albert, director of the civilian volunteer corps, was recommended for a Distinguished Service Medal.

Major-General R. E. Wood, acting quartermaster-general, was recommended for a Distinguished Service Medal. Major-General R. E. Wood, acting quartermaster-general, was recommended for a Distinguished Service Medal.

From Alaska to the Gulf—MAYO

All over this broad land, staunch out-o'-doors men are glad that they can get Mayo underwear again.

Men who need real underwear protection—men who've always insisted on Mayo—know that Mayo's 10-rib-to-the-inch (as against the usual 8) mean more warmth, more wear, more comfort, greater freedom of movement.

Mayo production is rapidly coming back to normal. An immense new mill at Mt. Airy, N. C., is adding hundreds of dozens of Mayo suits a week to the regular output.

So here is our promise to wearers, dealers and jobbers. By next fall you can get all the Mayo you want.

You may get your warm Mayo suit even now. Ask your dealer.

Anyhow—remember Mayo.

client is fully and amply protected by notes.

Mrs. Minnie Draper, the Brazilian's housekeeper, who has been in the County Jail for some days, was released yesterday. Her release was coupled with the unofficial statement, not denied by her, that she and Alvandros will be married today or tomorrow.

When questioned about the report, Alvandros refused to discuss it. Marriage would prevent the woman from testifying against Alvandros. Other developments paved the way for further expected exposures.

Inquiry into allegations of graft and protection claimed to have been obtained from several police detectives in the city. It was announced by the county authorities handling the case and Chief of Police Butler, who has set in motion an investigation of his own. That Chief Butler will have the full co-operation of City Prosecutor Widener, who has gathered much information, was the statement of one detective.

MINING MAN ONCE OF THIS CITY, DEAD.

Philip J. Fessenden, a mining man, formerly of this city, is dead at the government hospital at Piche, Nev., following an attack of pneumonia, according to word received yesterday by Mrs. Fessenden, who is visiting at the home of Mrs. Jacques Sindorf, of No. 1623 Formosa avenue, Hollywood. Mr. and Mrs. Fessenden were married here last summer.

Interment will be at Morningside Park. Mr. Fessenden's former home, 1623 Formosa avenue, is now owned by Mrs. Jacques Sindorf.

WOULD USE DISABLED SOLDIERS IN FORESTS.

(BY A. P. NIGHT WIRE.)

SPOKANE, Jan. 15.—So far as possible, returned soldiers and sailors will be given preference in employment by the forest service in Idaho and Montana, it was announced here today by Assistant District Forester A. F. Preston of Missoula at the closing session of the forest fire prevention conference. "Disabled soldiers can be used for lookout work," stated Preston. "We employ about sixty principal lookouts. In former years we have used about 500 extra men at the opening of the fire season. This year, however, the number will be increased to from 750 to 1000."

Catholic of National Fame Dies.

(BY A. P. NIGHT WIRE.)

BOSTON, Jan. 15.—Thomas H. Fitzpatrick, president of the Brown Durrell Company, wholesale dry goods merchants and national treasurer of the United Irish League, died at his home at Brookline today after a long illness. He was born in Grafton, in 1844. He was active in the affairs of the Catholic church and particularly in the establishment and maintenance of Catholic charitable institutions. In 1912, Pope Pius named him a Knight of St. Gregory.

Are you happy?—And comfortable?—If so, your fortune is not that of Armenia. There are 400,000 children starving in Western Asia. Turn to Page 3, Part II, and read the advertisement.

CALIFORNIA MINERS ORGANIZING CHAPTER.

BRANCH OF AMERICAN CONGRESS IS TO BE FORMED BY MEN AT SACRAMENTO.

(BY A. P. NIGHT WIRE.)

SAN FRANCISCO, Jan. 15.—Approximately 150 mine owners, oil operators and mining engineers at a meeting here today took preliminary steps to organize a California chapter of the American Mining Congress. Final organization measures, it was announced, would be announced tomorrow. The following committee was appointed: George W. Starr, Grass Valley; George W. Metcalf, Kennett; Murray Innis, San Francisco; Thomas O'Donnell, Los Angeles, and G. M. Swindell, secretary of the Chamber of Mines and Oils of Los Angeles.

The meeting was presided over by J. F. Callbreath of Denver, secretary of the American Mining Congress.

Part of the day's programme included addresses by oil and mining experts and Bulkley Wells, president of the American Congress, and James K. Lynch, governor of the Twelfth Federal Reserve Bank District.

The objects of the proposed chapter, according to Callbreath in his opening address, are:

Secure safety and efficiency in mining operations, to prevent waste of mineral resources, to protect mining investors against fraud, to obtain uniformity in State laws governing mining operations, to obtain federal co-operation in all its aims, to solve the economic questions in mining and to obtain a better mode of settlements between mine operators and labor.

For the Faith of Their Fathers

"Faith of Our Fathers Living Still, In Spite of Battle, Fire and Sword"

ARMENIANS would never have been massacred if they had renounced their Christian faith and become Moslems. For centuries they have been victims of the Turkish scimitar because they adhered to the faith of their fathers. Armenia, mother of the Christian church, is today the world's most tragic example of "Crucifixion for Christ."

Hoover Pleads for Armenia's Children

"THERE is no greater suffering anywhere than in Asia Minor," says Herbert C. Hoover in a telegram to Judge H. N. Wells, chairman of the relief campaign in Southern California. He says:

"THE world relief program now being developed by the United States and the Allies contemplates that whenever possible relief work will be financed by the countries affected, through the medium of loans or other Government assistance. Nevertheless, distress and suffering exist in many areas where payment for relief supplies cannot be made. These charity cases will still urgently need private benevolence.

"This is the situation with regard to the Armenians, Syrians and Persians. There is probably no greater suffering today than among the persecuted peoples of Asia Minor, who have no funds and cannot secure Government loans, and have no other credit.

"It is to aid these distressing situations that your committee for Armenian and Syrian relief is making its appeal to the generosity of the American people. With your financing accomplished, your committee representing three stricken peoples can come under the direction of the new interallied world relief organizations and will receive co-operation in the purchasing and shipment of supplies. Arrangements are now being made to assign one complete cargo of flour now en route to Southern Europe to the order of your committee, and further supplies will shortly be allocated to you by the Interallied Committee as soon as we are assured that the necessary finances have been provided by you.

[Signed] "HERBERT C. HOOVER."

OF a population in Armenia and Syria of four millions, there are two millions dead. There are 400,000 orphan children. It is for these children that LORD BRYCE of England is pleading; it is for these children that AMBASSADOR MORGANTHAU is touring this country and speaking. With these helpless, starving babies in mind, PRESIDENT WILSON has issued a national proclamation, calling upon the generosity of the American people. GOVERNOR STEPHENS has issued a strong appeal.

EVERY church in Los Angeles, Protestant and Catholic, is actively engaged in this campaign. The Jews of this city, led by great-hearted rabbis and business men, have assured us that their quota is forthcoming.

CROWDS CONTINUE TO THROG WONDERFUL MOTOR SALON AS END NEARS.

EXTENSION FOR THE SHOW.

Exhibition will end Saturday.

from the East Loud in Their Praises.

All Pleased in Results Attained.

The most spectacular motor car show in the history of the city is being held at the Los Angeles Convention Center.

The business men of this country will be mighty well pleased to see the government taken out of politics; but that is possibly too much to expect under the circumstances.

The war came to an end last week. The Pullman Company was preparing to build five new cars.

Any land discovered by the expedition to the North Pole is to be sold in June by the government.

Charles E. Chapin, former mayor of New York, is in the city for the purpose of attending the automobile show.

Why not have an official dinner every day by the physicians concerning the health of Mary Pickford? It is a matter of international importance.

All the money in the world is made by the dollar-sign capital of industry in the employ of the government.

At a recent meeting of the National Automobile Club, the chairman has opened the proposition by prayer.

Charles Chapin will make a tour around the world. And he will travel cheap, as he was once said to do when he came across the Atlantic with the Revere.

The New York National League baseball club has been sold for \$10,000,000.

BALL PLAYERS WILL HAVE SALARIES CUT.

National League Magnates Decide on Drastic Cut in Salary Limit; Other Retrenchment Plans Adopted and Recommended to American League.

Minors Meet and Formulate Their Ideas on Draft Rules.

(BY A. P. NIGHT WIRE.)

NEW YORK, Jan. 15.—National League baseball players will receive an unpleasant surprise with their 1919 contracts as a result of the magnates' action today in adopting a club salary limit of not more than \$11,000 a month. This is the most radical financial retrenchment attempted by a major league in many years and will prove a startling upset to those diamond stars who have expected a continuation of the high salaries and long contracts of pre-war days.

Under the new regulation, which was adopted by a vote of six to two, the maximum monthly salary limit during the playing season must not exceed \$11,000 plus the manager's salary. This will make the seasonal pay roll foot up approximately \$60,000 for a playing period of about five and a half months. With a club roster of twenty-two players the average will be \$500 per player per month. The new rule carries as a penalty a fine of \$500 for every infraction.

Originally the regulation carried a much smaller limit and there was a long argument over the proposed rule. Several amendments, each in turn, until the limit was raised to \$11,000. When this came to a vote, all the clubs except New York and Chicago favored it.

Salary limitation was the outstanding feature of all-day sessions of the National League and the National Association of Professional baseball clubs. The minor organizations agreed on the form of their request for lifting the draft regulations and the senior major leagues went on record regarding the number of proposed changes which they desire the American League jointly to adopt at the special meeting of the two leagues tomorrow, as well as several additional alterations of their own by-laws.

The National League desired to amend the waiver rule so players cannot be recalled once waivers are asked and also stated that it was the sentiment of the organization that a similar rule was desirable with the American League to cover cases of players waived from one league to the other. No action was taken on the player limit, it being decided to consult with the American League magnates tomorrow in order that the lowest possible limit might be agreed upon. The present regulations call for twenty-one players in the American League after May 15 and twenty-two in the National.

The National also readopted the rule barring the beginning of spring practice earlier than thirty days before the opening of the season. This will prevent the clubs from playing March 25, and President Heydler stated that since this date falls on Sunday he would consider the presence of the players in camp on the previous Saturday within the letter of the rule. Sending pitchers to "bulling-out" camps at the expense of the clubs previous to this date will also be considered a violation.

Changes in the present world series rules were also favored and will be discussed with the American League at the joint meeting tomorrow. It is proposed to amend the rules placing the players upon a percentage basis as far as the money awards are concerned, without fixing a maximum or minimum amount as was the case last season. Dividing a portion of the players' pool among the men of the first four clubs as in the past was advocated. It was also decided that in the future the National League club participating in the series shall turn back 50 per cent. of its share of the gate receipts to the league treasury in place of the usual 25 per cent.

There was no discussion of the National Commission system other than the league still favors a central chairman if the three-man commission is to be continued. This matter will come up at the joint meeting tomorrow afternoon, which the Nationals went on record today as favoring as an annual affair. It was moved that President Fred Mitchell of the Chicago club and Vice-President John J. McEwen of the New York club, both of whom are managers of the teams, be permitted to represent the league at the coming joint meeting, but the motion was lost, four to four.

The National League schedule calling for a 140-game season was considered and referred back to the Schedule Committee for approval and publication.

A note of impending war was sounded after a somewhat lengthy deliberation on the part of the bushers and the Hotel Biltmore this afternoon, at which ten minor circuits had representatives. The ultimatum which calls for the alternative of an open break, gives the major league club owners until 1 o'clock Friday night to accept the conditions demanded. These conditions are four in number and will be presented in the following official phraseology:

THE DEMANDS.

(1.) Major league clubs may arbitrarily purchase one player from each club of the class AA leagues for \$7500 between November 1 and December 10 of each year. In the event of the player not being retained by the major league purchasing club for the ensuing baseball year outright title is to be resold to the minor league club from which purchased for the sum of \$2500.

(2.) A new governing board to be formed to administer rules and laws for both major and minor leagues alike, succeeding present form of National Commission, major and minor leagues to have equal representation on this body. All disputes involving major and minor leagues only to be decided by said governing board, which shall be comprised of one major league representative, one minor league representative and a third party as chairman, to be selected by the mutual consent of the respective major and minor league representatives. The national association board to have original exclusive and final rights to settle all disputes between minor club members or such and players and handle all players' contracts, and to decide on penalties and all other association affairs.

(3.) All major league players who are waived out of the respective big leagues must be sold to class AA league clubs for \$1000 each. In the event that more than one minor league club of such classification presents a claim to title the matter shall be decided by lot. In case no class AA club claims such player he is to be offered to clubs of class B for \$500; to clubs of class B for \$300; to clubs of class C for \$150; and to clubs of class D for \$75, respectively, in turn.

(4.) All clubs in all leagues must observe respective player limits and conform to same on and after the opening day of each season.

A perusal of the demands of the minors would indicate at first sight a somewhat one-sided situation, with the little fellows asking all and giving little or nothing in return. It will be noted that players claimed or drafted from the big minors would bring henceforth \$7500 instead of the former draft price of \$2500. It will be noted also that the prices realized for the turnbacks of the majors would be shaved down to the minimum. But the minor league operators argue that such a system

GOLF TOURNEY BREAKS RECORD

Annandale Invitation Event Big Success.

New Mark Set for Number of the Contestants.

Campbell Takes First Honor for Low Gross.

By Banker Bank.

The first of the invitation round of Los Angeles golf tournaments opened early yesterday morning at the Annandale Golf Club and closed late, at the same place last night. The playing attendance broke all previous records for Southern California, more than 120 golfers being sent away by the starters in the qualifying round. The grade of play was unusually high, as out of the large field starting 160 continued in the play last night with the completion of the drawings for today's start in the playdown.

CAMPBELL A STAR.

Honors for the first day of play in so far as low gross score went to W. W. Campbell, Long Beach, with a card of 72. The medal on this meritorious performance was as follows:

Out—4 5 3 2 4 5 4 4—37.
In—3 4 4 5 3 4 4 4—35—72

J. V. Elliot of Midwick was a close second, with gross of 73, and C. Niven of the Los Angeles was there with a 74.

The day was ideal for the start of the competition and the attendance was a big surprise to the club of scores and committeemen. The players were out early and by noon it was thought that most of the entrants had arrived and were on the course or waiting at the tee. But they never stopped coming. The club last night admitted that it had been a big surprise, as only about five cup flights had been ordered and there was a hustle down to the city to get the orders in for five more cups to be awarded the winners.

SHOW NOTES.

The full arm swing by Frank Marshall, a Chandler salesman, does not mean he is going to strike, Frank acquired that habit to draw his tight-fitting coat sleeve up so he could read his wrist watch while soldiering at the Presidio. The attitude so impressed Witsell, the photographer, though, that he hastened to sign an order for the Chandler coupe that is on display.

Edgar Apperson, member of the firm of Apperson Bros. and hero of the famous Altadena hill climb of past ages twice in succession, is scheduled to arrive today. He came all the way from Kokomo to see how Harris Hanahue puts them over upon such occasions.

Among the daily visitors is C. P. Henderson, western representative for the Cole and Lexington factories. Naturally, being diplomatic, he says this is the greatest show ever held.

Doc Green has no time to doli up cars this week, so he takes it on Ralph Hamlin's sales force. That accounts for their open-front appearance each night.

The flag-blue Cole sportster, near the door of the Grand-avenue entrance, has been bought by Harry G. Palmer, a well-known sportsman, who delayed a duck-hunting expedition about fifteen minutes to make this choice. The Cole berlin-sedan that was lost in transit arrived in time to make its appearance yesterday in the Irving Motor Car Company space.

THIRD ALSO CLOSE.

The third flight is a hummer for gross scores, 36 and 35, making every man, 37 and 36 scores mark the limits of the fourth flight with the fifth also very close. In fact, every

Record-Breaking Entry List Starts Out in First Invitation Golf Tournament of Season

SARLES GETS EARLY START.

Rambles Around Ascot Course in First Workout.

O'Donnell's Car on its Way from the East.

Omar Toft's Mount is Being Put in Shape.

Rambles Around Ascot Course in First Workout.

Sarles is a dangerous contender in the Victory Sweepstakes which the Ascot Speedway Association will revive racing in Southern California.

The list of entries includes the most spectacular and determined racing drivers in the West.

Eddie O'Donnell, one of the speediest and ablest drivers in the country, is awaiting the arrival of his car, while Eddie Hearne, the most violent racing driver of all times, has secured a car exactly to his liking, which he is keeping under cover and stating that he intends to mop up the track.

Omar Toft is putting the Irish-touched to a Miller special which is being warmed up for the race at Ascot.

Sarles has driven with the fastest of them. His Roamer is entered by Robert N. Blandin, the young society man, who will ride as mechanic. This car has a Deussenberg motor and is to be sent to Indianapolis following the events at Ascot.

The course will be 100 miles and the prize will reach \$10,000. It has been arranged to open the park to the public at popular prices. One dollar will be the general admission fee to the bleachers and parking space. Two dollars includes general admission and the grand stand. Parking space is free. The list of

GOBS WANT CASH FOR BALL GAMES.

[BY A. P. NIGHT WIRE.]

SAN DIEGO, Jan. 15.—Unless an order issued last year by Secretary of the Navy Daniels is repealed, the increased cost of baseball equipment may cause the several navy baseball teams here to abandon Sunday baseball unless an admission is charged. The Secretary order forbids navy teams playing Sunday ball when a gate charge is made, and without this the expense is too great.

The question of having the order cancelled was taken up today by the San Diego Chamber of Commerce, and a formal request to Secretary Daniels to cancel the order will be forwarded through Congressman William Kettner.

GOLF TOURNEY BREAKS RECORD

(Continued from First Page.)

flight came out very closely matched.

For this time of the year the playing was generally good, as few, if any, of the participants were crasy or pulled off anything of the miraculous nature and all seemed able to play right up to their game.

Everything had been well played and planned and there was no confusion of any sort. The roof of the caddy house supplied a lookout for the non-playing enthusiasts who were watching the game and many women took advantage of this point of vantage to follow favorites as far as the contour of the course would permit.

PICKING FAVORITES.

Last night the gossip was running in an attempt to pick the possible winner. Campbell was, of course, a favorite on his part away, but there are several dark horses who have their following willing to wager a trifle on their picks.

The full pairings for today with the gross scores made in the qualifying round, were announced last night as follows:

of the people freezing back East while we are waiting about without even overcoats amid such beautiful surroundings. Los Angeles should certainly be proud of this show.

Harold L. Arnold: A beautiful show and one which has satisfied us in every way. We are pleased with the attendance, the decorations and the management. Such a show as this is a credit to Southern California.

Bob Weaver, S. F. Seager Company: This show sets the high-water mark for automobile shows. I never realized tents could be used to such advantage.

WANTS LIBERTY MOTOR.

(Continued from First Page.)

It was announced yesterday at the Earle C. Anthony exhibit at the automobile show, that the Liberty airplane motor now on display there, has been placed on sale. The price of the motor is \$10,000.

Simultaneously with the announcement that the motor would be sold were many rumors that certain well-known local sportsmen were in the market for it. It is prominent among them being Frank A. Garbutt and Dustin Farnum, popular film star.

Both Garbutt and Farnum are ardent motorboat enthusiasts and are the owners of two of the fastest boats on the Pacific Coast. Already the two motorboat speedsters have met in match races with the result that Garbutt has been returned the victor three or four times over the movie idol.

The Liberty airplane motor, as most people know, has been acclaimed the acme of motor perfection and is known to be the most powerful power plant ever built. The motor weighs 325 pounds and is of the twelve-cylinder type. It develops a horse-power of from 485 to 450.

Mechanical experts have declared that the Liberty airplane motor would be ideal for motorboat use. The motor used for airplane purposes must be of the type that will travel at high speed for a continuous period, and the engine of a motorboat is given the same treatment and therefore must be purely high speed mechanism. On the other hand, the

United States Army Tests Proved the CADILLAC EIGHT MOTOR to Be the Best in the World for Dependable Service

Under strict Government supervision every known test was held. Motor cars of all makes were put through their paces and the superiority of the Cadillac was so overwhelming that it was selected as the standard seven-passenger car of the United States Army.

The Cadillac was not so honored because it had fancy body lines or was well advertised, it was selected because it proved itself to be the sturdiest, most dependable and best built motor car in the world today.

RICH HARVEST WON BY POSE?

**Alleged Mining Engineer is
Held on Fraud Charge.**

**Said to Have Used Mails in
Audacious Game.**

**Victims All Along Pacific
Coast, Officers State.**

Don Van Wageningen, who says he is a mining engineer, was arrested at an early hour yesterday morning by Deputy United States Marshal Dolph S. Bassett, at his home on Monterey road, South Pasadena, to answer to a Federal indictment returned some weeks ago, charging use of the mails in a scheme to defraud.

Postoffice Inspector Cookson says Van Wageningen made a specialty of posing as a mining engineer, procuring of peculiar knowledge as to the value of certain property, and in a position to finance any proposition that looked good. In the two letters quoted in the indictment he agreed to raise \$50,000 within sixty days for the development of the property of the Arizona Dairy Cattle Company of Prescott. Later on he wrote to W. S. Fouts, secretary of the company, setting out his ability to finance the corporation. He asked for \$100 to make the trip from Los Angeles to Prescott and return. Fouts says this was sent to

Make Your Own Gray Hair Remedy

Mrs. A. Dixon, a well-known Brooklyn trained nurse, made the following statement regarding gray hair: "Strained, faded or gray hair can be quickly turned black, brown or light brown, by the use of the following remedy that you can make at home: 'Merely get a small box of Oriz powder at any drug store. It costs very little and no extras to buy. Dissolve it in water and comb it through the hair. Pull directions for mixing and use and a gold bond guarantee come in each box. One box will last you for months. 'It is perfectly safe, it does not rub off, is not sticky or gummy, and leaves the hair fluffy. It will make a gray-haired person look twenty years younger.'"

the accused, who then dropped out of sight.

MANY VICTIMS CLAIM.

It is said that Van Wageningen has worked a similar game at San Francisco, Seattle, Portland, and other points on the Pacific Coast. It is said he reaped a rich harvest in San Francisco, and secured various amounts from persons interested in mining property who had something they desired to exploit on the market, or wished information as to investments in mining holdings. He made a specialty of writing to the managers of enterprises who were in need of money for development work, and when the unsuspecting advertiser would send him money to buy a railroad ticket to the property, Van Wageningen would keep it, according to the evidence in the position of the Federal authorities. His operations were along the lines of petty larceny, as it charged the largest sum he ever secured in a single case was \$500.

GETS TIME TO PLEAD.

In his letters he gave references as to his standing, using the Engineers' Journal of New York, and the Mining World of Denver, and declaring that he was the prominent figure in the development of the Old Dominion Mine of Globe, Ariz., and the Inspiration of Miami, Ariz.

DIES OF INFLUENZA

ON WAY TO REUNION.

Having left Los Angeles a week ago for South Carolina, to attend a family reunion, Mr. and Mrs. O. E. Thomas contracted influenza on the train and although Mrs. Thomas recovered, her husband died in El Paso yesterday, according to a telegram received by relatives here. Mr. Thomas's father, O. E. Thomas, Sr., who had been informed by telegraph of his son's illness, arrived in El Paso before Mr. Thomas died. The remains will be brought to this city for burial.

STOLE FROM THE MAIL.

David H. Rosen, an extra clerk employed in the local postoffice during the recent holiday season, pleaded guilty in the United States District Court yesterday of taking various articles from the mails. Rosen had been under suspicion for some time and decoys in the shape of a gold watch and a knife had been placed in the mails. He took both. Judge Trippett will hear witnesses as to the character of the young man on Monday.

WAR STAMP SALES PLANS ANNOUNCED

**WORK REORGANIZED; SOUTH-
ERN CALIFORNIA METHODS
ARE GIVEN APPROVAL.**

Plans for War Savings Stamp sales during 1916 were outlined yesterday at a meeting at National War Savings Committee headquarters, room 220 Title Insurance Building. John T. McBean, assistant to State Director Davidson, presided.

Mr. McBean announced that the work has been reorganized since coming under the Treasury Department and that the Southern California plan of a cumulative campaign has been approved. He said the campaign this year will have as its keynote the putting of joy into thrift, people being educated up to the fact that it is a pleasure to save so that they can spend later. Judicious stamps will be abandoned in favor of a monthly basis. Thus if one State gets behind during one month it can catch up in another and encouragement will be sustained.

It also has been decided to abandon street sales and probably the \$20 per capita quota. The amount for each district to raise will be based upon the relative wealth, earning capacity and population, which is considered fairer than the method which prevailed last year.

EFFEMINATE PERIOD.

**Handwriting Expert Says It's Dis-
closed on Bogus Checks, and
Alleged Passer is Held.**

An "effeminate period," which a handwriting expert said was a distinctive characteristic, played an important part yesterday in the hearing of Floyd C. McGinnis, charged with passing fictitious checks, Justice of the Peace Hanley held the man to answer following an exposition by Milton Carlson, a handwriting expert, of the points that, he said, indicate the defendant had written the checks.

It was charged that McGinnis passed a check on Mrs. Della Starkey of No. 919 North Broadway, using the name of a firm no longer in existence. The defendant presented an alibi, his attorney pointed out that a check similarly signed was passed on other persons while the defendant was in jail. The handwriting expert held the evidence of the "effeminate period" ap-

WELFARE WORKER DIES

AT HOLLYWOOD HOME.

Funeral services for Mrs. W. H. Garver, who died Tuesday afternoon at the family residence, No. 1217 Cahuenga avenue, Hollywood, will be conducted at 2:30 p.m. today. She was a native of Chicago, and had lived in Peoria, Ill., until her marriage to Mr. Garver in 1894. Mrs. Garver was a member of the Ebell Club, and for thirty-five years had been an active member of various Congregational churches and was devoted to welfare and charitable work.

Residing the widower, she leaves two children, Oliver B. Garver, in the government rail service, and a son, John B. Garver, at the Hollywood High School.

PAL FLEES; HE'S TAKEN.

**Youth Arrested for Attempted Bur-
glary when Partner, on Watch,
Runs Away.**

James T. McCaffrey, aged 21, now languishing in jail alone on a charge of attempted burglary, because his partner, who was on watch, "smelled a mouse" yesterday and slipped away just before Deputy Sheriff Bright, Greenwood and Modie arrived at the Henry M. Hurd residence, No. 1200 West Sixth street. McCaffrey is said to have been trying to unlock the front door when he was surrounded by the officers armed with sawed-off shotguns.

Donald Christ of No. 1948 Carmen avenue furnished the Sheriff's office with the tip which led to the arrest. Upon searching the premises the deputies found that somebody had entered the basement of the house and had undertaken to break down a cellar doorway, but had failed.

WAR TROPHIES FOR US.

**Congressman's Osborne's Bill Will
Bring Battlefield Souvenirs to
This City.**

Battlefields of Flanders and the dying deeds of American soldiers will be visualized to every man, woman and child in and around Los Angeles, if Congressman Osborne's bill introduced at Washington yesterday becomes law. It will bring trophies of the great war to Los Angeles and to many of the neighboring cities and towns.

The bill, which is said to have good prospects of passage, was referred to the military committee. It was learned here yesterday.

REGAINS REPUTATION.

**Also Health and Auto, Comments
Real Estate Man, Acquitted of
Blind Pig Charge.**

A jury after being out two hours yesterday, in Police Judge Chesbro's court, acquitted De Kalb Spurlin, real estate promoter, of having conducted a blind pig. After the trial Mr. Spurlin declared that his second wife, who is suing him for a divorce and is being sued for a divorce at the same time, had brought all his troubles upon him.

He charged that his wife was that he dispensed liquor to expressmen who moved his goods. Several bottles of liquor were taken from the house by metropolitan squad officers who posed as friends of the men who moved Spurlin's household effects. "I was tossed in jail and kept there all night without being permitted to consult an attorney," said Mr. Spurlin, "and while I was there I caught the flu. Then my automobile disappeared mysteriously. I have recovered my health, my automobile and my reputation, thanks to the jury."

"GRIZZLIES" GO NORTH.

**Famous Californians Not to Come to
This City Until After
Demobilization.**

The Grizzlies, officially known as the One Hundred and Forty-fourth Field Artillery, will not arrive in Los Angeles before demobilization. On four special trains they are scheduled to reach San Francisco over the Santa Fe, via Mojave, either tonight or early tomorrow morning, according to John J. Byrne, assistant traffic manager of the road.

The troops, who were trained at Camp Kearny, comprised a number of local men, and had active service in France. They left Chicago early Monday morning en route for the President, at San Francisco, where they are to be demobilized.

FLOATED HUNDRED WORTHLESS CHECKS?

The hearing of B. H. Hopkins, charged in two complaints with embezzlement and uttering checks for which he had no funds, was continued yesterday. Judge Valentine, who presided, ordered that the defendant be held in custody until January 30. Deputy District Attorney McCartney produced several checks said to have been issued by Hopkins, and it was asserted by the prosecutor that the defendant had about 100 worthless checks out.

FOR CITY'S POWER LINES.

**All opposition to the bill granting
the city of Los Angeles rights of
way for aqueduct power lines across
the Angeles National Forest was re-
moved yesterday, when City Attor-
ney Matthews of this city, who is
now in Washington, consented to the
elimination of some of the limita-
tions of the bill at the suggestion
of the government.**

According to a Washington dispatch to The Times last night, it was suggested that the bill as drawn be modified to permit freedom of action on the part of the United States in case of an emergency like the present war, and Senator Johnson, who had charge of the bill when it passed the Senate, acquiescing, Mr. Matthews consented to the elimination of the following clause:

"That the city of Los Angeles is prohibited from ever selling or leasing to any corporation or individual except a municipality the right for such corporation or individual to sell or sublet the water or the power generated by the city, or the right to telegraph or other purposes sold or given to it or him by the city."

WIDOW WINS, SON-LOSES.

**Judge Orders Ira F. Gay to Convey
Property to Mother and Heir
an Accounting.**

The suit of Mrs. Julia I. Gay against her son, Ira F. Gay, to declare a trust void, was decided by Judge Valentine yesterday in favor of Mrs. Gay. The latter was represented by Attorneys Tanner, Odell and Taft.

Mrs. Gay is the widow of Cassius M. Gay, who was a member of the firm of M. Gay & Son, manufacturers of refrigerators. In a separation agreement, October 10, 1914, the community property was divided and Mrs. Gay put her share in the name of her son as trustee. In her suit against her son, Mrs. Gay charged that the trust provision of the separation agreement was void. The son claimed it was valid and as such his mother was entitled to receive the income from the property.

Judge Valentine held it to be an expressed trust, the son holding it as trustee of a resulting trust, and that the trust provision of the separation agreement was void. He also ordered that the property held by the son be conveyed to Mrs. Gay.

SOLDIERS TRY TO FLEE.

**Fifteen Prisoners Attempt to Es-
cape from War Squad on
Train, But Fail.**

A wholesale attempt on the part of soldier prisoners to escape from the custody of members of the war squad was made at Linda Vista, early Tuesday, it became known yesterday, when Chester Lloyd and Ed Slaughter of the war squad and Corp. Delo of the military police undertook to deliver fifteen men at Camp Kearny. Two soldiers who were not under arrest succeeded in evading the military police, although they made a halfbreath escape while bullets flew around them. The fifteen prisoners comprised alleged deserters and men absent without leave, who were picked up in Los Angeles during the past week.

The two men who "escaped" were merely passengers on the train, but were under suspicion, because when Linda Vista was reached they ran through a coach, opened a vestibule, leaped out, and dashed off across the country.

The prisoners undertook to take advantage of the opportunity while confusion reigned for a few moments, but the vestibules were quickly closed. All were delivered at Camp Kearny.

ARRAIGN SMUGGLER

AS "DOPE" SHIPPER.

**MEMBER OF FAUSER GANG IS
HELD ON CHARGE OF
SENDING NARCOTICS.**

Albert Volk, alias Henry Hyde, said to be a member of a gang of smugglers known as the Fauser gang, was arraigned before United States Commissioner Stephen G. Long, Monday, on the charge of violating the Harrison anti-narcotic law, in sending a trunk full of narcotics to San Bernardino.

Volk was taken into custody with Henry W. Fauser, Helen Fauser, Paul L. Grims, John L. Leroy, Hughes and Henry H. Lee, charged with smuggling, and was sent to the County Jail. He was arraigned by United States District Judge Bledsoe in the summer of 1914.

It was this alleged violation of the law that got F. M. Shepard, an attorney of this city, into trouble, resulting in his conviction on the charge of smuggling, and his disbarment by the courts.

WHAT RECORDS SHOW.

Judge McCormick, who was sitting in Department Seventeen in July, said yesterday that he remembered the case and that he denied an appeal for lower bail and a writ of habeas corpus the same day. He said he did not remember ordering a release of Schamel. That date, according to the minutes of the court was July 26. Records of the case show that papers of the justice court were filed on July 18, and that the information was filed on August 2 in Department Seventeen.

The case came up for arraignment on August 1, but the defendant did not appear. Judge Willis had returned by this time and he continued the case until August 16, when he ordered the bail forfeited and a bench warrant issued for Schamel.

It was explained that in such a case a court does not ascertain that bail has been deposited, but takes that for granted, if the defendant is at liberty. When an investigation was first started it was learned that the trust provision of the separation agreement, the order of release and the description of the man had disappeared from the files in the County Jail.

WIDOW WINS, SON-LOSES.

**Judge Orders Ira F. Gay to Convey
Property to Mother and Heir
an Accounting.**

The suit of Mrs. Julia I. Gay against her son, Ira F. Gay, to declare a trust void, was decided by Judge Valentine yesterday in favor of Mrs. Gay. The latter was represented by Attorneys Tanner, Odell and Taft.

Mrs. Gay is the widow of Cassius M. Gay, who was a member of the firm of M. Gay & Son, manufacturers of refrigerators. The son claimed it was valid and as such his mother was entitled to receive the income from the property.

Judge Valentine held it to be an expressed trust, the son holding it as trustee of a resulting trust, and that the trust provision of the separation agreement was void. He also ordered that the property held by the son be conveyed to Mrs. Gay.

FOR CITY'S POWER LINES.

**All opposition to the bill granting
the city of Los Angeles rights of
way for aqueduct power lines across
the Angeles National Forest was re-
moved yesterday, when City Attor-
ney Matthews of this city, who is
now in Washington, consented to the
elimination of some of the limita-
tions of the bill at the suggestion
of the government.**

According to a Washington dispatch to The Times last night, it was suggested that the bill as drawn be modified to permit freedom of action on the part of the United States in case of an emergency like the present war, and Senator Johnson, who had charge of the bill when it passed the Senate, acquiescing, Mr. Matthews consented to the elimination of the following clause:

"That the city of Los Angeles is prohibited from ever selling or leasing to any corporation or individual except a municipality the right for such corporation or individual to sell or sublet the water or the power generated by the city, or the right to telegraph or other purposes sold or given to it or him by the city."

It is expected that the bill as thus amended will be speedily brought to passage, and Senator Johnson has agreed to the change. It is believed there will be no difficulty in having the law made effective before the close of the present Congress.

Mr. Matthews was the first to appear before the committee at Washington yesterday. He explained the position of this city and said there is no objection to the elimination of the section of the bill which there had been some controversy. Maj. George Seyer of the United States Army, who visited the Coast during the war as the representative of the War Industries Board, explained to the committee that the Federal government would prefer to be free to combine systems of private and municipal public facilities in a great emergency like the war just ended and suggested that any clause hampering emergency action will be stricken from the bill. There was no other persons desiring to be heard and the committee took up other matters, reserving action on the Los Angeles bill until a later date in the executive session.

FIND RECEIPT IN JAIL MYSTERY?

**Missing Prisoner's Attorney
Produces Paper.**

**Signed by Former Cashier
Who Committed Suicide.**

**Three Men in Strange Case
Have Since Died.**

One of the several mysteries connected with the disappearance from the County Jail of Kyle Schamel, accused of improper acts, and of \$1000 bail money supposed to have been put up for his release, as well as of all the documents connected with the case, was solved last night, when Attorney Guy Eddie, counsel for Schamel, announced that he had found a receipt for the \$1000.

According to Attorney Eddie, the \$1000 bail money was paid to Martin Marcus, a former cashier at the jail, who committed suicide recently in San Francisco. Mr. Eddie had said previously that he thought he had paid to a court clerk this money for which no account seems to have been given to the County Auditor, but last night he showed a receipt from Marcus. The latter, it was said at the time of his death, was \$1400 short in his accounts at the jail.

The receipt shown by Mr. Eddie read: "Received from Guy Eddie \$1000 cash for bail for defendant, Kyle Schamel," (signed) G. G. Gallagher, per M. Marcus.

AFTER LONG SEARCH.

Mr. Eddie said that the signature was found to be the same as that of Marcus on other documents at the County Jail. The receipt he said, had slipped into a crevice in a cabinet and was only found after a long search.

Deputy District Attorney Doran said yesterday that the papers in the Schamel case were in his possession from the time of the commitment by the late Judge McDonald of Pasadena until the case first came up for arraignment, long after Schamel had left the County Jail. In such a case, it was said that only the defendant's attorney could know the amount of bail set by the committing magistrate. This bail always is noted on the commitment papers.

A peculiar phase developed yesterday when it became known that three persons concerned with the case have died. They are Police Judge McDonald of Pasadena, Col. Johnson, Schamel's first attorney, and Marcus.
